ALEXANDRA MENA SANSANO

Lead Digital Product Designer · Product Strategy, AI & Behavioral Design

Madrid, Spain | +34 660 948 398 | a.menasansano@gmail.com | linkedin.com/in/alexandramena

PROFILE

Lead digital product designer with 10+ years of experience connecting strategy, research, technology and delivery. I help large organizations turn complex challenges into clear product direction, scalable experiences and high-quality digital solutions. My background combines product leadership, behavioral economics and hands-on design.

ADVISORY TOPICS

- Digital product strategy and transformation
- Design leadership, operating models and team development
- AI-enabled product and design practices
- Retail banking and financial-services experience
- Airline, travel and mobility customer experience
- Design systems and scalable service ecosystems
- Behavioral design, user research and evaluation
- Multi-market product strategy and prototyping

SECTOR EXPERIENCE

Financial services / Banking
Mobility / Automotive / Aviation
Energy / Utilities
Insurance / Healthcare
Retail / Consumer services
Urban and environmental services

LANGUAGES

Spanish - Native
English - C2 / Full professional proficiency

PROFESSIONAL EXPERIENCE

Lead Digital Product Designer

Mormedi

Feb 2026 - Present | Madrid, Spain

- Lead the evolution of Mormedi's digital design practice, connecting strategy, technology and experience to create products with measurable value for business and people.
- Position design as a driver of transformation by defining product direction, leading research and prototyping, and aligning multidisciplinary stakeholders around tangible outcomes.
- Integrate emerging capabilities, including AI, into product and design workflows while setting quality standards across proposals and delivery.
- Lead complex, multi-market engagements across banking, mobility, aviation, utilities and urban services.

Lead Product Designer

The Cocktail (WPP)

Apr 2023 - Feb 2026 | Madrid, Spain

- Developed future-facing product strategies and roadmaps grounded in sector trends, business goals, customer needs and scalability.
- Acted as a key client partner, co-creating digital strategy and translating it into products that extended beyond the initial brief.
- Directed end-to-end projects and aligned research, strategy, UX, UI, technology and business teams around shared outcomes.
- Led commercial proposals, defined project KPIs and supported the professional development of multidisciplinary design teams of up to 22 people.

Product Designer & Behavioral Design Specialist

The Cocktail (WPP)

Feb 2021 - Mar 2023 | Madrid, Spain

- Designed and validated digital products through user research, journey mapping, information architecture, prototyping and usability testing.
- Applied behavioral economics and experimentation to product strategy and experience design for banking, insurance, real estate and consumer-service clients.
- Mentored start-ups through Google Growth Academy, helping teams clarify product direction, customer value and growth priorities.

SELECTED CLIENT EXPOSURE

BBVA, CaixaBank, Santander, Bankinter, Openbank, Getnet / PagoNxt, Vueling, Iberia, AZAL, Nissan, Endesa, Urbaser, Danone and Mutua Madrilena.
